

Compass Card and U-Pass BC

If you are a U-Pass BC student with a Compass Card and you ride West Coast Express (WCE), remember to purchase Stored Value or a WCE Add-On*.

Once you've loaded your U-Pass BC onto your Compass Card you can purchase and load Stored Value or a WCE Add-On onto your card. To do so, visit the West Coast Express Office or the Compass Customer Service Centre at Stadium-Chinatown Station, or by calling 604-398-2042.

You can also purchase Stored Value at a Compass Vending Machine (CVM) or by visiting compasscard.ca. *Please note:* WCE Add-On products cannot be purchased on the website at this time.

West Coast Express CVM Schedule

WCE stations will transition to Compass throughout the month of June, with two stations switching each weekend. Please see below for the CVM upgrade schedule. At this time, CVMs will not dispense Compass Cards.

- Mission, Maple Meadows – beginning June 8
- Port Coquitlam, Pitt Meadows – beginning June 15
- Coquitlam, Port Haney – beginning June 22
- Port Moody, Waterfront – beginning June 29

** In accordance with [TransLink's Transit Tariff](#), U-Pass BC students must purchase additional fare to travel on West Coast Express and to prevent their card from going into a negative balance.*
